Sire: _____

Dam: _____

Pup Color: _____

Pup AKC Number: _____

Sex: Male _____ Female _____

The puppy selected will come to the purchaser with up to date Vet shot records, and when traveling a Veterinarian Health Certificate for your state.

The buyer should have the pup checked by his or her own vet within 3 working days to ensure that the pup is normal and healthy. Upon oral confirmation of any major genetic problem from examining vet, the pup may be returned to seller within (5) working days of notification, for a pup of equal value. The seller does not pay any medical expenses nor do we give cash refunds.

Replacement is contingent on the pup being returned to the seller in the same condition it left the seller's property, and with a written explanation by veterinarian of choice. Expense of returning the pup to the seller is the sole responsibility of the buyer. Replacement pup will be selected by the seller.

Use flea preventive program and heartworm medication during the recommended season. Pup should be kept as parasite free as possible, look for Holistic methods such as small amounts of garlic. Puppies are small and need to have their fleas and heartworm meds. separated by 15 days. DO not use the combination drugs. Buyer must also provide a proper environment that is: food of high quality and quantity to keep the dog in optimum condition, clean water, adequate shelter and shade to protect from elements, with a fenced in yard or secure area or on a leash with a harness (collars can harm small puppies), not running loose. Electric fences do not protect your pup from other dogs/animals, use only when humans are present.

The pup will be replaced if the pup should develop any problem with any MAJOR organs, which affect the quality of life of the pup within 1 year of the date of birth. Canine worms or parasites can occur and are treated easily, we do not guarantee against any NON-Genetic life threatening

illness. No refund of medical fees are given. The seller must receive a written and signed vet documentation of the major genetic defect and proof of spay/neutering, or euthanasia. The seller reserves the right of a second opinion from another vet of their choice.

A malnourished, obese, or abused condition will void the replacement of pup. Seller is not responsible of reimbursement of accumulated expenses, only for the replacement of this pup.

The pup is being sold with limited registration and Females must be spayed by 8 months and Males must be neutered by the age of (6) months. Proof of this procedure needs to be provided to the breeder. Males that are NOT neutered by 8 months can begin marking. This is to protect our pups from Puppy mills and make them the best family pet. If for any reason the pup has been bred, all puppies are property of the seller's and shall be handed over to the seller's by the age of (9) weeks.

On occasion pups are no longer able to be cared for in your home, the said pup must be returned to the seller for rehoming or the owner may rehome to a family approved by the seller. The papers cannot be transferred to another without the seller's permission.(this is to protect they pup)

The purchaser is aware that the Havanese breed does carry a gene that may cause cataracts. The breeder cannot guarantee the pup will not contract cataracts.

This agreement is for the protection of the puppy. It helps insure they do not end up in Puppy Mills or shelters, that is also why we require a spay and neuter agreement. The deposit holds your puppy, and is refundable if you cancel in three days. We guarantee your pups health, for genetic defects that could take your pups life. If you have any issues please contact us.
